

DO YOU BELIEVE IN THE SUPERNATURAL?

~ SEEING IS BELIEVING ~

JUNE 3 & 10
SCIENCE TESTS FAITH

Can miracles stand up to the test of science?

- Exclusive film footage of a stigmatist who bleeds from her hands, feet, and head. Are these the wounds of Christ? *What does science have to say?*
- A consecrated Communion Host becomes living flesh and blood. Is it heart tissue? *What does science have to say?*
- A scientist (former atheist), an attorney and a famous TV Journalist witness statue of Jesus weeping real tears and shedding real blood. Are these claims true? *What does science have to say?*

Saint Vincent de Paul and Christ the King Catholic Church are hosting an **EVENT** for everyone in the area. If you have an “I will believe it when I see it” attitude, don’t miss this event!

“Put it this way-this is either the biggest hoax of the 20th Century, in which case it would have to be a fairly huge conspiracy, or the most important moment of the century, if not the whole millennium.”

*Alastair Thompson
New Zealand journalist*
